

Program: BS (SE & AI)
Semester: Fall 2024
Target CLO: CLO 3
Course: CS2001 - Data Structures

Assignment#01
Due Date: 14-10-2024
Marks: 10
Instructor: Waqas Ali

-
1. Write a function to evaluate a postfix expression using a stack. The function should take a postfix expression as a parameter and return the result of the expression. [5]
 2. Write a function that matches the brackets in a given string using a stack. If all the brackets match then the function should return true, it should return false otherwise. [5]
